

bright drawn cold
finished flats

NUEVA INCAL

NUEVA INCAL, S.A. is a steel bars producer company, focussed in the bright cold drawn finished flats. Since its foundation - in 1965 under the name INCAL SA- differentiates by its dynamic character and its strategic location.

The factory's production capacity is 18.000 Tonnes per year. Our installations, equipped with high technology machinery and our professional human resource are the key to respond satisfactorily to our customers. The reflection of this competitive advantage is the certificate of Quality Management System ISO 9001:2000.

“**NUEVA INCAL** is part of **LOSAL GROUP**, a Group with a substantial tradition in the steel industry through its companies. This way our company has implemented the capabilities and resources in order to face the emerging market.”

SAE 1018	AISI
080A15	BS 970
St 37-2	DIN

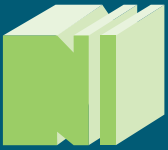

CORE COMPETENCE

Our core competence is based on the quality of our products, and especially in our efficiency to reach the appropriate finish. The know-how of our human resource and our experience during more than 40 years in the steel market becomes us a competitive company in the national and international framework.

OUR MISSION

We always aim to guarantee the satisfaction of our customers through covering their needs, considering each particularity. To reach such an objective, NUEVA INCAL considers as the main pillar the quality of our product, always together with a liable service.
